

February/March 2010

At this moment Josephine and Teena are preparing to leave for a very busy trip to Brazil so this will be the newsletter for February and March. They will be in Brazil until the end of March, so please keep them in your prayers. Teena will update everyone concerning the trip and some changes that will be taking place upon their return. I want to thank everyone for your continual support over the years. It is because of your giving that thousands of lives have been changed and futures given to those who otherwise would have never had a chance in life. It has been said, "It takes One to reach One" and you have been the ONE! Without you none of the work in Brazil is possible. So again one big "THANK YOU!" from Josephine, Teena and all the BCO board. We love and appreciate you and pray the Lord bless you a thousand times over for your love and support for those in Brazil. Enjoy the pictures that highlight the years and hopefully remind you of what a BIG difference you continue to make possible.

The Vision Continues

Thank You

We are trying to compile favorite stories and experiences from the adventures and misadventures in Brazil. If you have any favorites that you found outstanding, memorable or personally experienced, please forward them to me. This is something that many have suggested we write and your thoughts will be a great help. You can either mail or e-mail to me: tevens1396@hotmail.com. Thanks for the help and remember we love you.
