

BRAZILIAN

CHILDREN'S OUTREACH

July 2026

P.O. Box 41351, Long Beach, CA 90853 Phone: (562) 505-2764 WWW.BRAZILIANCHILDREN.ORG

Our food program, food and evangelization are generally distributed through our church partners, but Arca School is our partner in the neighborhood of Noronha. In fact, they were our first partner and have been for 16 years.

We believe that with every food basket we're giving an opportunity to restart. Families that are vulnerable get care and hope. We believe that transformation happens when we walk together, extending our hands and fortifying our ties and having a real impact in the community.

Food distribution

Arca offers supplemental help to children with their homework and computer programs and a safe place to play. It is open Monday - Friday and no cost to the child and is run by volunteers. It runs 2 sessions a day, depending on the child's public school schedule. They go to public school either 7am to 11am or 1pm to 5pm. They either have breakfast or lunch at Arca, for some the only meal of the day. Every Thursday, for 16 years, they have a church service and then hand out food baskets. Thank God for faithful and loving partners!

Praising

Praise reports from two of the ladies that participate in the food program.

Roberta was scheduled for invasive and painful spinal surgery. The Arca team started praying with Roberta and encouraging her that God was in control. She went for her preop appointment, and the doctor told her they now have a new procedure. It is oral, effective and painless!

Roberta

Michele received prayer for two cysts on her ovaries. They were causing her a lot of pain, and that day she went home saying the pain was gone. She went to the doctor for a follow up test to see if she would need surgery. Praise report, the cysts are GONE!

Michele

Things in this world are accelerating at a dizzying speed. Things we thought were absolutes and steadfast are disappearing and insane ideas are becoming normal. We must hold even tighter to our beliefs and God's word and promises. God has made promises to His people and He has not failed on any one of them. He will protect us, prosper us and guide us even in the darkest hours, even in what seems to be insurmountable circumstances. That is why we get up and we do what He has told us to do, because if He told us to do it, He will provide the resources. Be it physical, emotional or monetary, He is our source of all things. Brazilian Children's Outreach has been operating for 56 years. Countless lives have been changed, ministries started, lives restored and dreams come true because of what God had done through this ministry. Praise and thank God for all his blessings.
