

# BRAZILIAN CHILDREN'S OUTREACH

July 2025

P.O. Box 41351, Long Beach, CA 90853 Phone: (562) 505-2764 WWW.BRAZILIANCHILDREN.ORG

While our summer is in full force, we are in winter in Brazil, and it has been particularly brutal this year. We are rushing to finish 2 houses that are taking families out of wood and particle board houses into brick structures. Houses that will have glass windows, not just a hole, and a door with a lock. Having a mansion or a house on the beach is a goal, but a regular house that you call home is dignity. Raquel and Tiago have 4 children, Mateus, Benjamin, Alice, and Levi. Levi is 4 years old and special needs with autism. For now, they live with relatives in two rooms in someone's home.

They moved to Sao Paulo and left their lives to work for a mission and to take care of a nursing home. They were to have lodging and food provided by the mission. Their son Levi has crises with his autism and the noise was too much for the residents. The mission told them to leave and offered no assistance. Honestly I don't know how they found our pastor partners Jose and Dona Nete. Raquel says God led them to each other. Pastor Jose found them someone who let them have the two rooms in their house. He helped them get some property and introduced them to us.

Wood and particle board houses

Dona, Raquel, Tiago, & Jose

Our project manager, Cristiano, presented the project and we could not say no. Tiago has been hard at work building his house. The property is not close to the road so he must hand carry and wheel barrel the materials to his house from the road.

## Products

Unloading

Carrying material

He is almost finished. He has put up walls, windows, and the roof. He now has a new bathroom and bedroom finished.

Pray that their family can soon live in their own home. Also, that Tiago will be blessed with a good job.

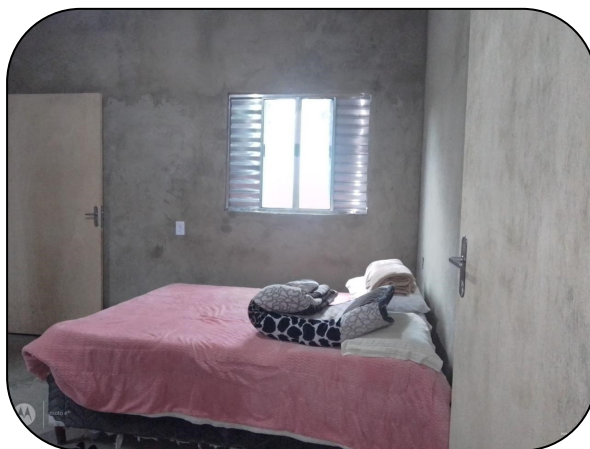

Walls going up

New bathroom

New bedroom

We have added 2 new churches to our feeding program. Igreja Filadelfia e Deus E Amor, Philadphia and God is Love churches. They have just been with us a couple of months, but we have added 125 families to the program. Here are some of their faces. We are looking forward to ministering and watching them grow in Christ.
