

I pray that everyone had a wonderful end of 2018 and are ready for the exciting things that 2019 will have for all of us. We are on our way to Brazil this month to plan for the year. Meeting with pastors, workers and volunteers to see what God has spoken to them for Brazilian Children's Outreach. They worked very hard to make 2018 a success and I know that they are anxious to make this year even better.

Together we have built homes, distributed Bibles, fed many families and brought smiles to many faces.

We have changed faces like this

*Pray for 2019*

to faces like these.

(Smile, Smiling faces)

To end the year we gave an amazing Christmas street church party. The party was in the Mosoro neighborhood of Cipo. A neighborhood that has no electricity; so no street lights for our night party. The Cipo church sponsored the event and brought a generator for lights and Santa for the more than expected 700 people.

(Street Party)

Santa Claus gave away the presents and presented the true meaning of Christmas through the Gospel. He brought over 500 presents and gave every one away. Thank you for blessing our people

(Santa)

In 2018 we had a goal of transforming people, families and neighborhoods. I had a model that came from the dog soldiers of the Cheyenne tribe. They were known for their fierce and fearless fighting for their people. They always carried a staff that had many purposes. Some of the purposes were for hunting, tying up his horse and fighting. It's most impressive purpose was to mark where no one was to pass. When he saw the enemy he would use the staff to mark his territory and no one was to pass if they wanted to be safe. We declare that 2019 is our Dog soldier year. We declare that our families, churches and neighborhoods belong to us. We use God's promises and word as our staff to mark where no more abuse, drugs and violence will run free. We stand against the destruction of our families and declare that God's blessings will rule our lives. We declare this for all God's people and all God's works.

Pray for Brazil, things are in great turmoil and changes are coming. They just inaugurated a new president and he won't have an easy transition in his new role. Pray that he will be guided by wisdom and justice.
